EXCELLENCE

C2 Plus

C2 Plus is a premium range of seating in the C2 family. Harmonious use of luxurious materials like genuine leather, wood, and stainless steel makes C2 Plus a desirable chair. The exposed 3D moulded compressed wood displays natural veneer grains. To create a complementing environment, we can provide a matching wood finish as the interiors to the chair. A set of handcrafted wooden handles blend seamlessly with the stainless-steel frame assuring its strength and durability. Our very exclusive flower stand made in stainless steel completes this elegant premium chair.

C2 Plus

It is also possible to make the armrests of this chair with leather paddings for added comfort. We provide these chairs with any angle locking and a synchronised tilting mechanism. The tilting instantly and automatically provides balanced support and movement, depending on your body and posture. Like all Amber Series, the C2 Plus family includes high back, medium back and low back chairs with options of with or without arms.
