

Circle

The Circle is an essential stool and a new addition in our catalogue. Made from a flat pipe, Circle has a simple geometry and assembly of primary materials. Here we have the Seat in the cushion, but we can also provide this in any choice of laminate. These stools are available in 3 sizes-small, medium and large. Small are stackable. We have provided a ring around the legs for the medium and large stool, which acts as a footrest, making it non-stackable.

Circle family also includes a small fixed chair. It is a stool with a narrow back—these work best for compact spaces like office pantries and security guards cabins. Circle has continuous running seating without a backrest for public spaces like museums, hospitals, commercial lobbies, etc. These seatings can also be made in the layout of two-seaters and four-seaters.
