

Itsa

Meticulously designed and perfectly made, Itsa has a minimalistic look. The main feature of Itsa is its Seat. It is made of moulded compressed wood and is intended to have a circular concave dent at the centre to give comfort. This Seat is available in any shade of laminate or veneer of any wood to match the interiors or cushion with upholstery of the client's choice. Itsa works best as transit benches and as waiting seating for public spaces.
