Slic Classic

Slic Classic is sleek, edgy and opulent. It's contoured shape along with a square stainless steel solid rod flowing seamlessly along with the chair profile, just chamfered at right places gives it that edginess. To take thing a notch above, we have upholstered it in quilted leather that follows the grid with its square stitching. The handles are crafted with solid stainless steel and connected intelligently to the seat and the back. With it's one angle locking, knee-tilt synchro mechanism, it is convenient and honest. We recommend it for the cabins of director's and executives and also for their boardrooms.

Slic Classic

Following the same design values, the Slic Classic sofa boasts of leather padded arms, quilted leather upholstery and is created by intelligently bending a solid stainless rod to form its structure. Absolute to place it in your exclusive lounges with the centre/corner table from the same collection.
