

Ease Study

## Ease

Ease chair has been one of our bestsellers for a long time, so we decided to extend the Ease family by designing a study table and chair set. For this set, we have made the chair more compact and slim. Complementing the chair's design language, we have developed a lightweight and practical table.

Ease series includes a folding table. It works best for multipurpose rooms. It is also available with castors for easy movement, and this table can be paired with any revolving chair. Ease also includes a chair with a writing flap for seminar rooms and schools.
