EXCELLENCE

Pavo

Pavo, a minimalist and contemporary design by Amber, was primarily introduced for the in-house Staff and was subsequently included in the product line on strong recommendations from our visitors and clients. It's very comfortable and perfectly contoured Seat and Back with its soft chamfered edges makes the product one of its kind. The cantilevered armrests and our semi-oval shaped metal embossed revolving base compliments this chair. The Pavo series provides the User with a wide range of products from the High back, Medium back and Low back Chair. The User is also given a choice of cushioned Back, nylon mesh Back and interlacing PVC.

Pavo

The Pavo cantilevered arm is an inspiration derived by the designer from the Camel's neck, having support and joinery only at one end. The open end allows the User better seating comfort and flexibility of movement, thus increasing his productivity.

Pavo

The Pavo family includes cantilevered base chairs, with and without armrests. These see-through frames have an impressive view from the sides and are best suited for the visitor and informal seating. A continuous running seating is also designed with a cantilevered base frame for the waiting areas. These can be customised to suit the users' requirements.
